— F U R N I T U R E —

Barkman Furniture is an Amish furniture manufacturer nestled in the scenic hills of Holmes County Ohio. Where, consistent with the area's slow-paced lifestyle, each piece of fine furniture is hand crafted by Amish artisans, one piece at a time.

Amish furniture has long been known for its excellent craftsmanship, established through the use of age-old techniques. The attention to detail and durability set it apart from other furniture, making each piece worthy of being a family heirloom that can be used for generations.

Albert Barkman began pursuing the art of furniture making at the young age of 16. He and his wife purchased a spacious modern facility in 2008 to allow for the introduction of a premium line of high-quality solid hardwood furniture. Barkman's collections cover an extensive variety of styles including Transitional, Mid-Century Modern, Modern Farmhouse, and Rustic. The line continues to evolve with exciting new collections introduced quarterly. Barkman's in-house design team works together to create beautiful, functional designs, built to fulfill the desires of today's consumers.
